

Francois Langlois

BIO

*"On May 24th 2001, Francois Langlois became among the few Canadians and the 3rd person from Quebec to set foot atop the highest mountain in the world; **Mount Everest!**"*

You can view a full account of his adventures at:

WWW.FRANCOISLANGLOIS.COM

Francois is the youngest of 5 boys, grew up in Montreal Canada. Although he has a Bachelors degree in Engineering, he has built a successful career over the last 18 years as a Financial Advisor. However, sports and physical activities have also been an integral part of Francois' life. Some of his activities include:

Rock and ice climbing, mountain climbing, Scuba diving, triathlons...

Francois has nearly completed his quest of being among the few to have climbed the famous seven summits; the highest peak on each continent: Mt. Aconcagua of South America, Mount McKinley of North America, Kilimanjaro of Africa, Elbrus of Europe, Carstensz of Oceania, an even Australia's highest peak, Kosciuszko. And of course:

■ MOUNT EVEREST, ASIA

His remaining peak lies on our coldest continent: Mount Vinson in Antarctica!

On a personal note, Francois honours a promise he made while on the summit of Everest; he donates profits of his presentations to several children's charities, like The Make-A-Wish Foundation, World Vision and the Montreal Children's Hospital; the latter saved his life some 40 years ago so he may fulfill his dreams today!

Francois also takes time from his work schedule to lead climbs for individuals wanting to live their dreams of climbing Kilimanjaro or going to Everest Base Camp, but all in the name of Charity. He is proud to say that his Charity Climbs have helped raise over 3 million dollars for children's causes to date!

He will bring you to the mountain and have you live the climb of Mount Everest!

IT IS A MUST SEE PRESENTATION
